**ASSISTED LIVING FACILITIES*
(DEVELOPMENTALLY DISABLED)
--LANCASTER COUNTY--**

This type of facility provides accommodation, meals, and an array of services which may include personal care, ambulation, exercise, eating, self administration of medication, non-complex nursing interventions, and other supportive services. These facilities must be licensed if services are provided to four or more non-related individuals who need or want these services. Assisted living promotes resident self-direction and participation in decisions which emphasize independence, individuality, privacy, dignity, and residential surroundings. The Nebraska Department of Health licenses residential care facilities, and will investigate written complaints.
